SparkOCN
The SparkOCN app enables users through collective prayer and collective action to supported persecuted Christians globally. SparkOCN also includes a full prayer book application, as well as an integrated content feed from OCN. The prayer book can be used daily to manage your prayer life, while the OCN content feed provides users access to OCN content in the palm of their hand, keeping them aware of those around the world in desperate need of prayer and support and offering the ability to share it directly from the app. SparkOCN also includes an Orthodox calendar with feasts and fasting days marked, and a system to manage and send prayer requests.

Orthodox Prayerbook
Orthodox Prayerbook is the ultimate prayer assistant that allows you to carry your prayers with you and have information about daily saints and fasting schedules at your finger tips. Keep a list of people you want to pray for and have them automatically embedded into the prayers. Orthodox PrayerBook currently supports the Antiochian, Greek and OCA specific saints and daily variables.
